Flammability		Environmental	
California Technical Bulletin 117-2013, Sec. 1	Pass	1. No anti-microbial additives	
IMO A.652(16)8.2	Pass	2. Does not contain PFAS, PFOA	
NFPA 260	Pass	3. Prop 65 compliant	
U.F.A.C. Class I	Pass	4. No chemical flame retardants, CA AB2998 compliant 5. REACH, RoHS, and LEED compliant	

Suitable Applications Contract, Healthcare, Hospitality, Residential

Cleaning and Disinfecting

Remove ordinary dirt and smudges with mild soap and water. A 10:1 ratio of water to bleach solution may be used as a disinfectant. Rinse the surface with clean water after disinfecting. Dry with a soft, lint-free cloth or towel. We recommend that you use Clorox Healthcare and Clorox Pro products to disinfect Mitchell products in commercial settings.
