

Product Specifications

NuLeather - NUTRON

Technical Specs

Table with 3 columns: Technical Specs, Values, Test Method. Rows include Surface Composition, Finished Width, Weight at 54 inches, Thickness, Total Weight, Backing Composition, Backing Weight, Put-up, Repeat, Cleaning Code, and Railroaded.

Performance

Table with 3 columns: Performance, Minimum Values, Test Method. Rows include Adhesion, Grab Tensile, Trap Tear, Seam Strength, Stretch at 15# MD (warp) x CD (fill), Stretch and Set, Flex Resistance, Blocking, Seam Slippage, Crock Resistance, Wyzenbeek Abrasion, Mildew Resistance, Anti-Bacterial, Hydrolysis Resistance, UV Stability, and Cold Crack (5# roller).

Flammability

Table with 2 columns: Flammability, Values. Rows include California Bulletin 117-2013, Section 1, CMVSS #302, IMO A.652(16)8.2, NFPA 260, and UFAC Class I.

Environmental

- 1. No PVC or Phthalates
2. No persistent organic pollutants
3. No toxic by-products
4. No flame retardant chemicals
5. RoHS and REACH compliance and recycled

Suitable Applications: Commercial and Residential

Country of Origin: China

02/02/2016 - Revision 5
